DETAILED ACTION

1. This office action is in response to the *ex parte* reexamination order mailed on December 14, 2006. Claims 1-21 are pending in this present *ex parte* reexamination application.

Status of the Claims

2. Original claims 1-21 are rejected.

Claim Rejections - 35 USC § 102

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

4. Claims 1,2,6-11,16-21 are rejected under 35 U.S.C. 102(b) as being anticipated by Weiss US Patent 5,237,614.

Regarding claim 1:

A computer-based method, comprising the steps of:

Weiss discloses a computer security system for assuring secure access both to a computer network and to each individual client computer on the network, (col. 1, lines 5-8).

executing a workspace data manager on an untrusted client site;

Weiss provides for a workspace data manager in that a client is permitted to create files and/or to manipulate “write files” downloaded from the server, (col. 11, lines 61 - 65). Weiss discloses the client either receives or generates a protected file. A determination is made as to whether the client has such a protected file, (fig. 3). The determination and/or process that allows the generation and manipulation of files is the “workspace data manager”.

accessing at least a portion of the downloaded data as taught by Weiss for the desirability of providing security at the untrusted client and to prevent unauthorized access to your mail.

Conclusion

NOTICE RE PATENT OWNER'S CORRESPONDENCE ADDRESS

Effective May 16, 2007, 37 CFR 1.33(c) has been revised to provide that:

The patent owner's correspondence address for all communications in an *ex parte* reexamination or an *inter partes* reexamination is designated as the correspondence address of the patent.

Revisions and Technical Corrections Affecting Requirements for Ex Parte and Inter Partes Reexamination, 72 FR 18892 (April 16, 2007)(Final Rule)

The correspondence address for any pending reexamination proceeding not having the same correspondence address as that of the patent is, by way of this revision to 37 CFR 1.33(c), automatically changed to that of the patent file as of the effective date.

This change is effective for any reexamination proceeding which is pending before the Office as of May 16, 2007, including the present reexamination proceeding, and to any reexamination proceeding which is filed after that date.

Parties are to take this change into account when filing papers, and direct communications accordingly.

In the event the patent owner's correspondence address listed in the papers (record) for the present proceeding is different from the correspondence address of the patent, it is strongly encouraged that the patent owner affirmatively file a Notification of Change of Correspondence Address in the reexamination proceeding and/or the patent (depending on which address patent owner desires), to conform the address of the proceeding with that of the patent and to clarify the record as to which address should be used for correspondence.

11. In order to ensure full consideration of any amendments, affidavits or declarations, or other documents as evidence of patentability, such documents must be submitted in response to this Office action. Submissions after the next Office action, which is intended to be a final action, will be governed by the requirements of 37 CFR 1.116, after final rejection and 37 CFR 41.33 after appeal, which will be strictly enforced.

Notification of Concurrent Proceedings

12. The patent owner is reminded of the continuing responsibility under 37 CFR 1.565(a) to apprise the Office of any litigation activity, or other prior or concurrent proceeding, involving Patent No. 6,151,606 throughout the course of this reexamination proceeding. The third party requester is also reminded of the ability to similarly apprise the Office of any such activity or proceeding throughout the course of this reexamination proceeding. See MPEP §§ 2207, 2282 and 2286.

Extension of Time

13. Extensions of time under 37 CFR 1.136(a) will not be permitted in these proceedings because the provisions of 37 CFR 1.136 apply only to "an applicant" and not to parties in a reexamination proceeding. Additionally, 35 U.S.C. 305 requires that reexamination proceedings "will be conducted with special dispatch" (37 CFR 1.550(a)). Extension of time in *ex parte* reexamination proceedings are provided for in 37 CFR 1.550(c).

14. A shortened statutory period for response to the action is set to expire 2 months from the mailing date of this action.
